

24 February 2008

Sub: Submission of Good Standing Certificate for Corporate Shareholders in a FZ-LLC

Dear Business Partner,

As part of our ongoing efforts to ensure all Free Zone-Limited Liability Companies (the "**FZ-LLC**") incorporated within the Dubai Technology and Media Free Zone (the "**TECOM Zone**") continue to operate in compliance with the regulations stipulated by Dubai Technology and Media Free Zone Authority (the "**Authority**"), Corporate Shareholder(s) in a FZ-LLC are required to prove its continued good standing at the time of renewal of the license of the FZ-LLC.

Evidence that the Corporate Shareholder(s) is still in existence and in good standing can be provided by either submitting a good standing or continuity certificate from the company registry of its jurisdiction or incorporation.

The above will be effective for all FZ-LLC licenses that are renewed on or after the 15th March 2008.

We appreciate your cooperation on the above, given that non-submission / late submission will impact license renewal.

Sincerely,
Dubai Technology and Media Free Zone Authority
