

Subject: Company Representative Card

Dear Business Partner,

In order to facilitate a higher degree of efficiency in transactions, the Company Representative Card is being made a mandatory requirement for utilizing GSO services with effect from July 1, 2008.

In the event of the designated representative not having the Company Representative Card, only the manager or the person having his/her name on the Authorization Card will be able to utilise GSO services.

In order to avoid any inconvenience, company representatives are advised to obtain the Company Representative Card by submitting their current ID card, one passport size photograph and a copy of the Authorization Card at the GSO reception.

This service carries a nominal annual fee of AED 300 and should be obtained by July 1, 2008.

Your cooperation in this regard will be highly appreciated.

Sincerely,
